

To Whom It May Concern,

Hello, I am an ol' guy who lives in Jefferson, WI. I am writing to share my positive impression of the work crew you have doing roadwork in Jefferson. I know there is much work to go But the young men on your crew are off to a great start. What I have noted so far, they are competent, efficient, pay attention (ie clean-up) cautious 

²
timely and respectful. I have some experience observing excavation + sewer work and for a number of years my summer employment was as an excavation laborer. Your crew is one of the best I've witnessed.

Sincerely,
Terry
