

## Construction Safety & Risk Control Manager

James Peterson Sons, Inc. is a 5<sup>th</sup> generation, family-owned company specializing in highway construction, residential and commercial site work, landfill construction, aggregate crushing, and storm/sanitary sewer installation throughout Wisconsin and Northern Michigan. We are seeking a Construction Safety & Risk Control Manager to join our team at our Medford, WI headquarters. This position leads the organization in building and maintaining a positive culture of safety.

### Key Responsibilities:

- Communicate and enforce compliance of OSHA, MSHA, and DOT standards and regulations
- Conduct weekly site inspections to recognize and correct unsafe conditions and behaviors
- Lead accident investigation and claim reporting functions
- Maintain and update our company safety & risk control program
- Manage and conduct new hire orientation training
- Coordinate with affiliated unions to provide work site personnel as needed

### Requirements:

- Risk Control & Safety degree, Construction Safety & Risk Control minor, or work-related experience
- Knowledge of OSHA and MSHA standards (DOT knowledge a plus but not required)
- Willingness to travel 2-3 days / week to conduct worksite inspections
- Ability to recognize hazardous situations and implement corrective measures
- Strong communication skills with the ability to effectively interact with all levels of employees, management, insurance companies, and the public
- Proficient in Microsoft Office

### Benefits:

- Salary range \$60,000 - \$70,000 / year
- 401(k) with company match
- Profit sharing
- Health insurance
- Health savings account with company contribution
- Life insurance
- Short-term disability
- Paid time off
- Paid holidays
- Company vehicle
