

Experienced Field Mechanic

Job Description

Join one of Wisconsin's leading regional construction contractors specializing in mass excavation, underground utility, and aggregate production services. We serve local and regional Public Works, DOT, and private commercial and residential infrastructure markets throughout Wisconsin and the Upper Peninsula of Michigan.

We are currently seeking an experienced field mechanic. The ideal candidate will have extensive experience working on heavy construction equipment, be safety conscious, dependable, self-motivated, and able to function effectively as part of a team in both field and shop environments.

Responsibilities

- Safely operate heavy equipment when necessary
- Repair, diagnose, troubleshoot, service, and perform preventative maintenance on heavy equipment and trucks
- Perform routine oil changes and scheduled servicing on trucks and equipment
- Assist with other construction-related duties when needed
- Travel to various job sites throughout Wisconsin and the Upper Peninsula of Michigan
- Extensive overnight travel during the construction season is required

Qualifications

- Extensive experience operating and maintaining heavy construction equipment is required
- Strong experience diagnosing, troubleshooting, repairing, servicing, and maintaining heavy equipment is required
- Experience using electronic diagnostic software and systems for Caterpillar, Komatsu, and John Deere equipment is required
- Experience working on dozers, loaders, excavators, backhoes, trucks, and related heavy equipment is required
- Valid CDL with acceptable driving record is required
- Must be able to meet the physical demands of the position, including extended standing/walking, lifting, pushing, pulling, and carrying heavy objects
- Must work safely in all conditions and environments
- Must pass pre-employment drug screening

We Value and Appreciate Our Employees:

- Union wages and benefits
- Service truck provided
